Dear Masters Committee,

I'm thrilled to write this letter of recommendation for Mrs. Alexis Blum as a Masters Degree candidate. I've had the pleasure of working with Mrs. Blum for the past six years. During that time, she taught High School Spanish and I was an Intervention Specialist.

Mrs. Blum is an innovative educator, who is always willing to go the extra mile to make sure students are able to learn and grow. She uses a variety of media to engage students. She connects her lessons with the students' lives and interests. She is also always finding new ways to engage her students in her curriculum. It is not uncommon to walk into her classroom and see her students actively engaged in an activity using technology. She is willing to share her knowledge of technology with her colleagues to increase student engagement in the building.

Mrs. Blum accomplishes all these tasks with great initiative and with a positive attitude. I recommend Mrs. Blum earn her Master's Degree without reservation. If you have any further questions with regard to her qualifications, please do not hesitate to contact me.

Sincerely,

Angela J. Baker
