

What do you want to be in the future? What classes do you need to take in order to achieve your dream, and what languages do you have to speak?

Write at least 50 words in Spanish, and use the terms 'want to be', 'take', and 'speak' at least once each. The verb "necesito" (I need) will also be helpful.

If you get stuck: write about several different things that you want to be, and write about the professions that you do NOT want to be in the future.
